

Testimonials

Melissa,

Just wanted to share with you about my ride today. It was mind-blowing. I am so amazed at the improvements in my horse. He is so supple and strong due to what I have learned with you and Linda. I rode a training level test today and he was on the money with all of my aids and so balanced and light in my hands. I started off my ride thinking that I would ride for less time and more often. It was so hard to stop! Thanks so much to what I have learned, I only wish I could have learned this many years ago.

Jennifer, North Carolina

I am still amazed at the transformation of this horse in such a short time. Thanks.

Vicki, North Carolina

In reference to the Winning Look I:

I had so much fun yesterday. I wish that I had known more of that information when I was carting myself to shows every other weekend. My life would have been so much easier!

Julie, North Carolina

I can't say enough good things about Melissa and what she has done for my daughter. Our first lesson with Melissa was 2 years ago. She got down on the barn floor with my daughter and talked about what her goals were, what she liked about riding and what she didn't like. That set the tone for how dedicated Melissa is and how in tune she is with her students. She has brought my daughter so far not only in her riding, but in her confidence and self esteem. Melissa travels with us to shows, clinics, to Pony Club and even helped us purchase our last horse. Her knowledge and dedication to the sport is incredible.

Kathy, North Carolina

Thanks again for helping us become better stewards of our horses!

Paige, North Carolina
